

Kanika works on policy, regulatory, and governance challenges present in Uttar Pradesh's power sector. She currently works out The Council's Lucknow office as Research Analyst.

Prior to joining The Council, she worked with CUTS International, a policy research and advocacy think tank for close to two years, as a Senior Research Associate. She worked on key policy issues including electricity distribution reforms, renewable energy transition, energy access, ease of doing business, regulatory impact assessment among others. Besides, she was also proactively involved in project management, fundraising and networking related activities.

She briefly interned with PRS Legislative Research wherein she undertook research on Electricity Amendment Bill, 2014. Additionally, she interned with IIT – Kanpur and conducted an on-field explanatory study on regulation of electricity thefts in Kanpur, under the guidance of Dr Anoop Singh, Associate Professor, Department of IME, IIT-Kanpur.

Kanika holds a Masters in Regulatory Governance from Tata Institute of Social Sciences, Mumbai and an undergraduate degree in Political Science (Hons.) from Kamala Nehru College, University of Delhi.

Kanika has a passion for theatre and has been acting, directing, and writing since her college days. She has been a part of several street and stage plays performed in Delhi, Mumbai, and Jaipur. She is extremely fond of poetry, travelling, and, at times, singing.
